

There is no authority but yourself!

People who you shouldn't let tell you what to do:

- Your boss
- The government
- Your spouse
- Religious leaders
- Neighbors and roommates
- Cops
- School teachers
- Your parents
- Rich people
- Politicians
- Famous people
- Your friends
- The president

* Of course, you can listen to them and do what they suggest, but don't do it blindly!

Since *you* don't want to be
oppressed by others.....

.....make sure that YOU don't
oppress other people, too!

That would make you as bad as other
authority figures.

So, treat everyone with respect,
compassion, and equality!!
